The UKRPA:

- Provides a forum for exchange of information and discussion of matters of common interest related to Revenue Protection (RP) in order to benefit business activities.
- Nominates representatives to support RP interests on relevant groups discussing the development of the competitive market.
- Acts as an interface to other representative organisations with an indirect interest in RP.
- Promotes publicity and agreed activities in the collective interests of members, including a regular national conference.

A small committee manages matters between general meetings. Special work groups made up of member representatives may also be convened to look at particular aspects of RP work, such as training and security measures. The Association employs a Consultant to address specific industry-wide issues.
